

Unleashed, is an eight week (message and small group) study on prayer. A study to help believers deepen their one-on-one time with God; "Why pray," "How do I pray," "Does God really listen to me;" are just samplings of topics that will be discussed during the study.

From the child to the senior adult, each age group will study the same topic, in an age appropriate lesson. Each lesson is formatted for open discussion between adults as well as allowing discussion to continue at home. These lessons will supply parents with a way to teach their children about communicating with God.

Each week during worship, Pastor Tim, will introduce a thought on prayer during the message time. During the week, participants will have those notes to study. The following Sunday, further discussion will take place during Sunday School / Small Groups.

Unleashed, the study begins January 8, at 9:00 am with a kick off, Family and Friends Breakfast in the Family Life Center. Then continue weekly during Sunday School / Small Groups at 9:45 am and Worship at 11:00 am.
